MAC CONFERENCE ROOMS

HOW TO DISPLAY CONTENT ON THE MONITOR FROM YOUR LAPTOP

1. Using the monitor remote, turn on the monitor.

2. Using your laptop, bring up the list of available rooms:

   o Option 1: Press the Windows button on your keyboard and the K button at the same time.

   o Option 2:

      ▪ Go into the **Settings** menu. Click on the **Windows** icon located on the task bar.

      ▪ Select the **wheel** icon for settings.

      ▪ Click on **System**.

      ▪ Click on **Display**.

      ▪ Click on **Connect to a wireless display** located under the **Multiple Displays** section.

3. Click on the name of the conference room where you'd like to connect.

4. The monitor will display a connection message and will then display the contents from your laptop.

If you have any issues, please contact the service desk at 612-726-8183.
