# Regular Meeting

December 1, 2025

# Goal & Purpose of LEAAC

## Advise/Recommend/Engage

We will work on ways to engage the neighbors who live and work in the surrounding communities to:

- Show the value of the airport to the community
- Maximize the positive educational, recreational, and economic aspects
- Use the airport and airport events to create community with the airport users and neighbors

## Communication/Coordination

We will monitor what is happening at and around the airport and advise the MAC on how to best respond

- Noise and operations
- Development
- Other community interests

## Education/Orientation

We will educate the LEAAC, MAC staff, and public attendees on airport operations, the users and the surrounding committees

- Airport operations
- Who uses this specific airport
- Who lives around this specific airport
- The various roles of operating and regulating organizations (e.g., MAC, FAA, USDA, MNDOT, etc.)”

# Information

# Stakeholder Spotlight

Anton enjoys planes and boats, so he decided to combine the two with his new Icon A5 amphibious plane.

He received his pilot license in his 30s, then life got busy with kids, and putting them through college, he but kept flying with friends.

In retirement he picked up a light sport aircraft that is a plane and boat: the Icon A5.

The lightweight aircraft can operate like most light sport aircraft as an easy to operate recreational aircraft generally used for local flights.

# Anton

Its innovative design has safety features to inhibit spins. It's a whole plane, parachute and auto pilot.

Anton enjoys taking people for rides and particularly likes landing at his home lake in Hudson, then driving the plane out of water to his back yard like James Bond.

Anton works hard to be a good neighbor and limits his takeoffs and landings at various lakes to only 3 at a time. He enjoys the convenience of Lake Elmo and the community of pilots.
