

MSP Winter 2024 Listening Session

January 24, 2024

Agenda

- 6:00 – Welcome
- 6:05 – Introductions
 - What is your name? Where do you live?
- 6:10 – MAC Presentation
 - What is the NOC?
 - 2023 Summary of Complaints
- 6:30 – Open Conversation
- 6:55 – Closing Feedback
 - Survey: How can we improve?

Noise Oversight Committee

Aircraft Noise Basics

AIRCRAFT NOISE | METROPOLITAN AIRPORTS COMMISSION

Who makes the decisions?

AIRCRAFT NOISE | METROPOLITAN AIRPORTS COMMISSION

Collaboration at Work

Numerous organizations work together to ensure efficient operations at the Metropolitan Airport (MSP). This includes the U.S. Department of Transportation, the FAA, and the Minnesota state government.

Role of the Federal Aviation Administration

The Federal Aviation Administration (FAA) is the U.S. Department of Transportation's agency for safe, efficient and secure flight. The FAA enforces federal regulations and oversees the National Air Traffic Control System. The FAA also oversees the operations of airports and airlines.

In addition to regulating aircraft operations, the FAA also oversees the following air traffic control services:

- **The MSP Air Traffic Control Tower** (ATIS) provides controllers with information on aircraft arrivals and departures at the airport and within a five-mile radius.
- **The MSP Terminal** ("MSP TRACON") provides controllers with information on aircraft arrivals and departures within a five-mile radius of the airport.
- **Minneapolis Air Traffic Control** ("Minneapolis ATIS") provides controllers with information on aircraft arrivals and departures within a five-mile radius of the airport.

The MAC is committed to regular, authentic and data-driven engagement with its airport neighbors. A key component of that commitment are advisory committees that convene to discuss aircraft noise topics for many of the MAC airports. The most active of these committees is the MSP Noise Oversight Committee.

MSP Noise Oversight Committee (NOC)

The NOC was created by a blue ribbon panel in 2002. It is the primary advisory board to the MAC board's Planning, Development and Environment Committee on topics related to aircraft noise at MSP.

The NOC is a balanced forum for the discussion and evaluation of noise impacts around MSP including the identification, study and analysis of aircraft noise issues. Membership includes six community representatives and six aviation industry representatives. As shown below, the most noise-impacted cities -- Bloomington, Eagan, Mendota Heights, Minneapolis and Richfield -- each has a representative. An At-Large Community member represents the cities of Apple Valley, Burnsville, Inver Grove Heights, St. Louis Park, St. Paul, Sunfish Lake and Edina. The aviation industry is equally represented by a scheduled air carrier, a cargo air carrier, a charter/scheduled operator, a chief pilot of an airline serving MSP, the Minnesota Business Aviation Association (MBAA) and an At-Large member.

NOC members serve two-year terms and are appointed by their respective community or airport industry group. Each representative is authorized to make decisions and recommendations on behalf of his or her city or organization -- a crucial element of the NOC's success.

NOC REPRESENTATIVE CITIES

Roles and Responsibilities

U.S. Congress

- Creates laws that govern aviation in the U.S.

Federal Aviation Administration

- Regulates airports
- Regulates airlines
- Operates Air Traffic Control (ATC) facilities

Airlines

- Transport people and products domestically and internationally
- Determine number of flights, aircraft types and flight times based on customer travel preferences

Metropolitan Airports Commission

- Owns and operates MSP and six reliever airports
- Provides a facility for airlines to conduct air commerce activities
- Does not determine where aircraft fly, runway use, or flight procedures

MSP NOC

- ✈ Established in 2002
- ✈ 6 Community Representatives
- ✈ 6 Airline Industry Representatives
- ✈ Balanced forum and advisory committee to the MAC Board

MSP NOC

✈️ Mission

- Identify, study, and analyze airport noise issues and solutions
- Provide policy recommendations or options to the MAC PD&E Committee and full Commission
- Monitor compliance with established noise policy at MSP
- Ensure the collection of information and dissemination to the public

✈️ Meetings

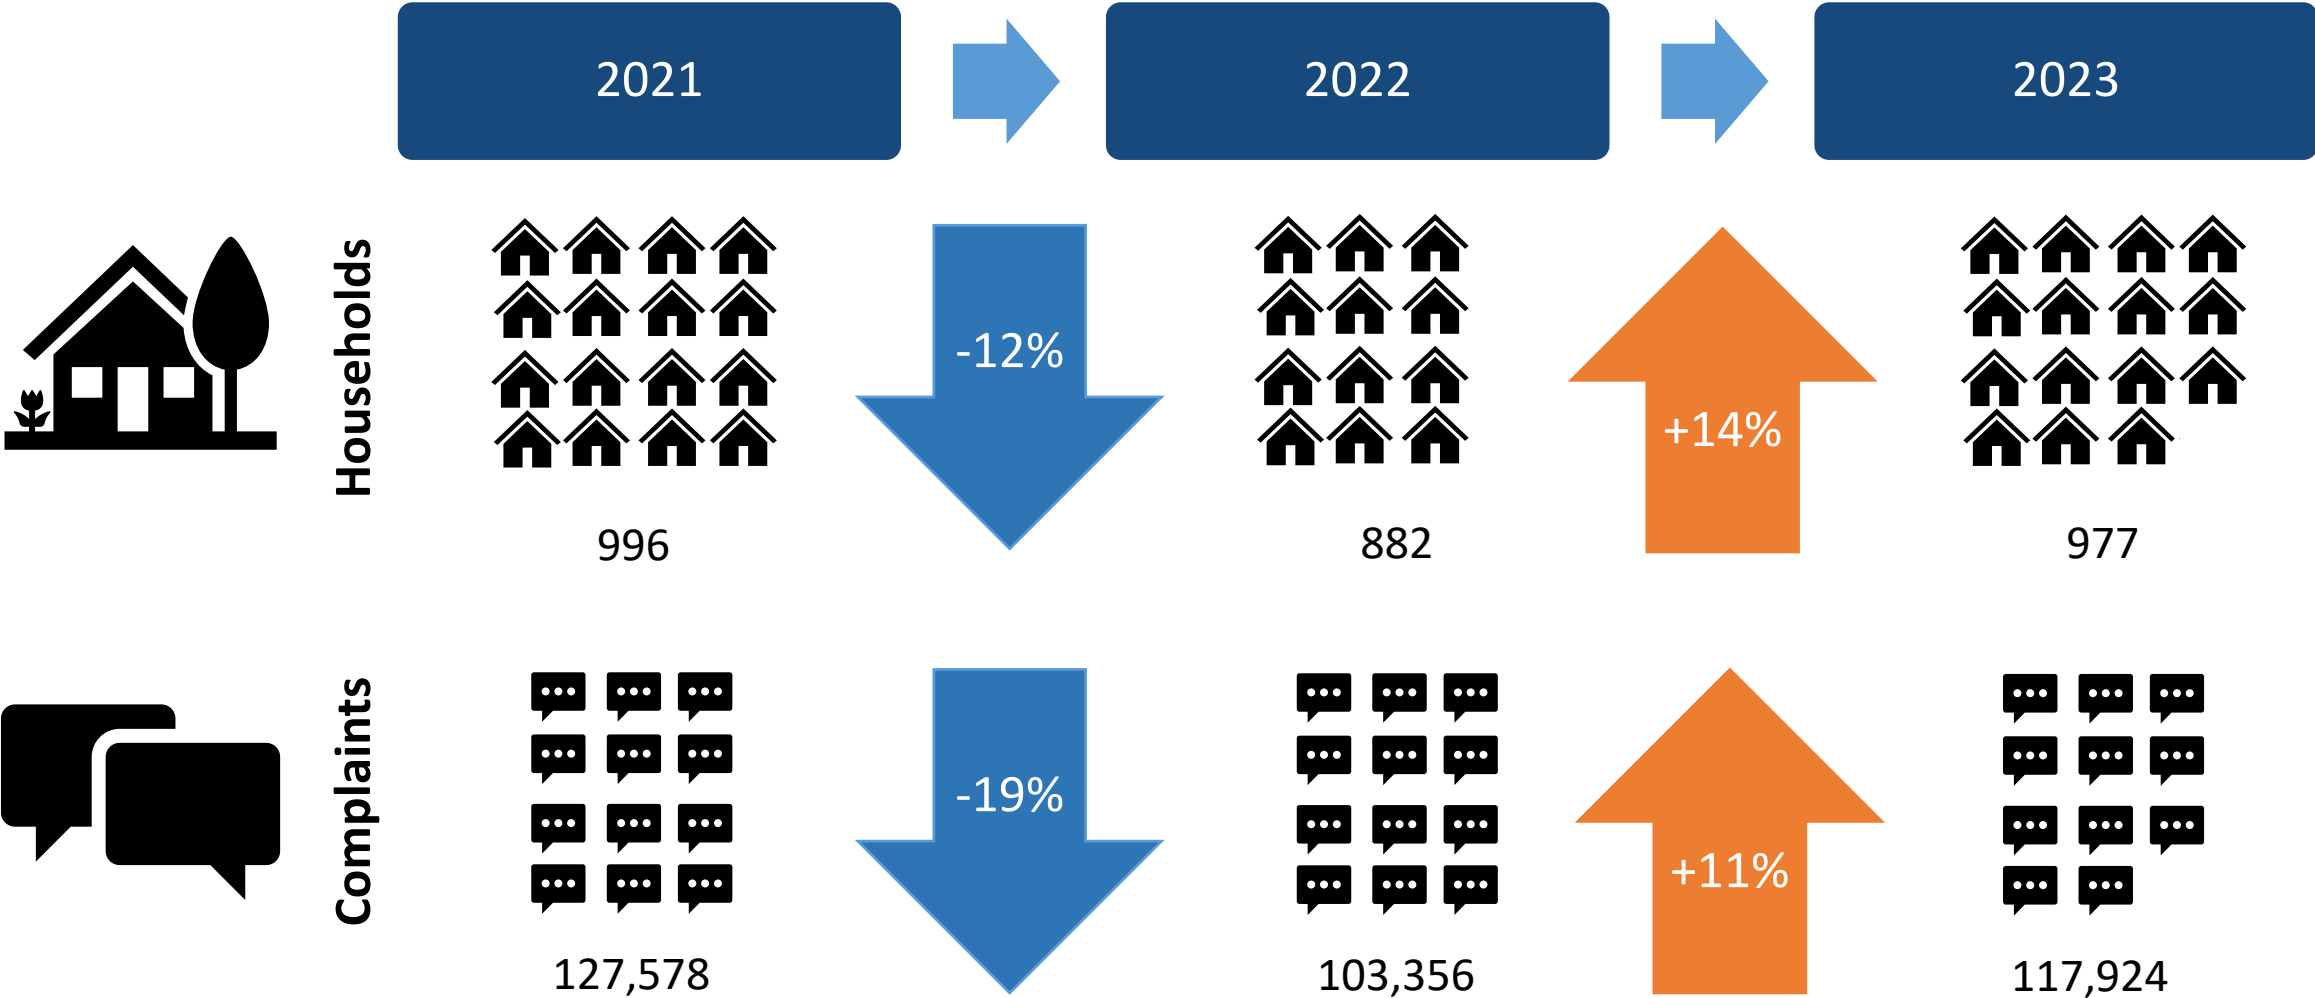

- Bimonthly
- Next: January 31, 2024, 1:30pm

2023 Complaint Summary

Total Households and Total Complaints 2021-2023

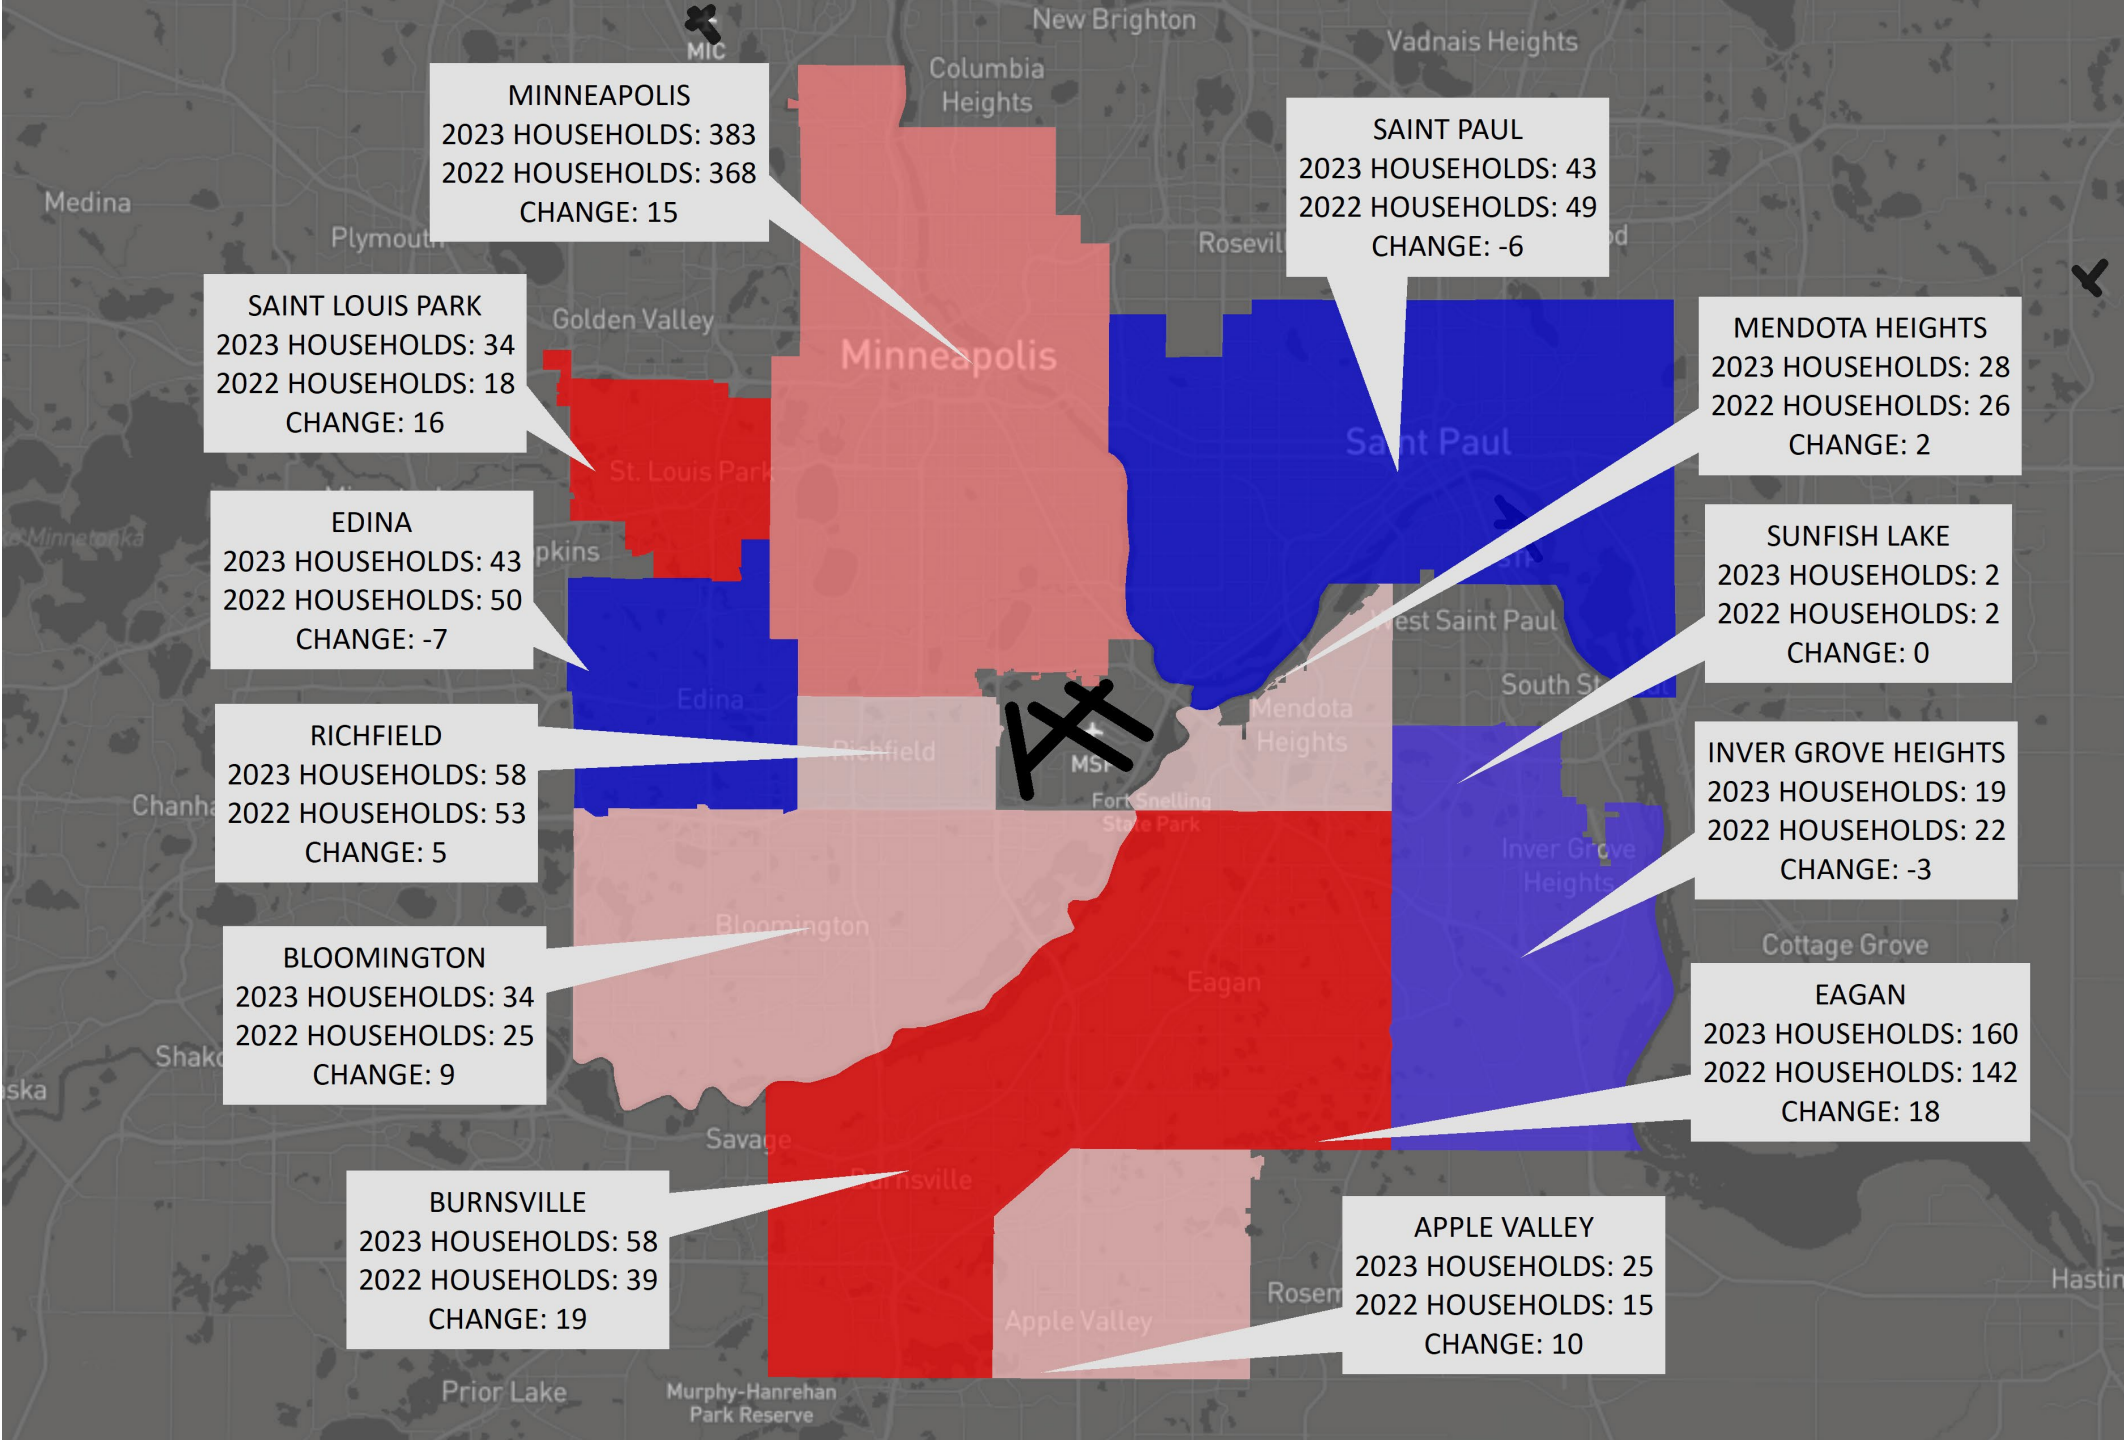

Total Complaints
2021-2023

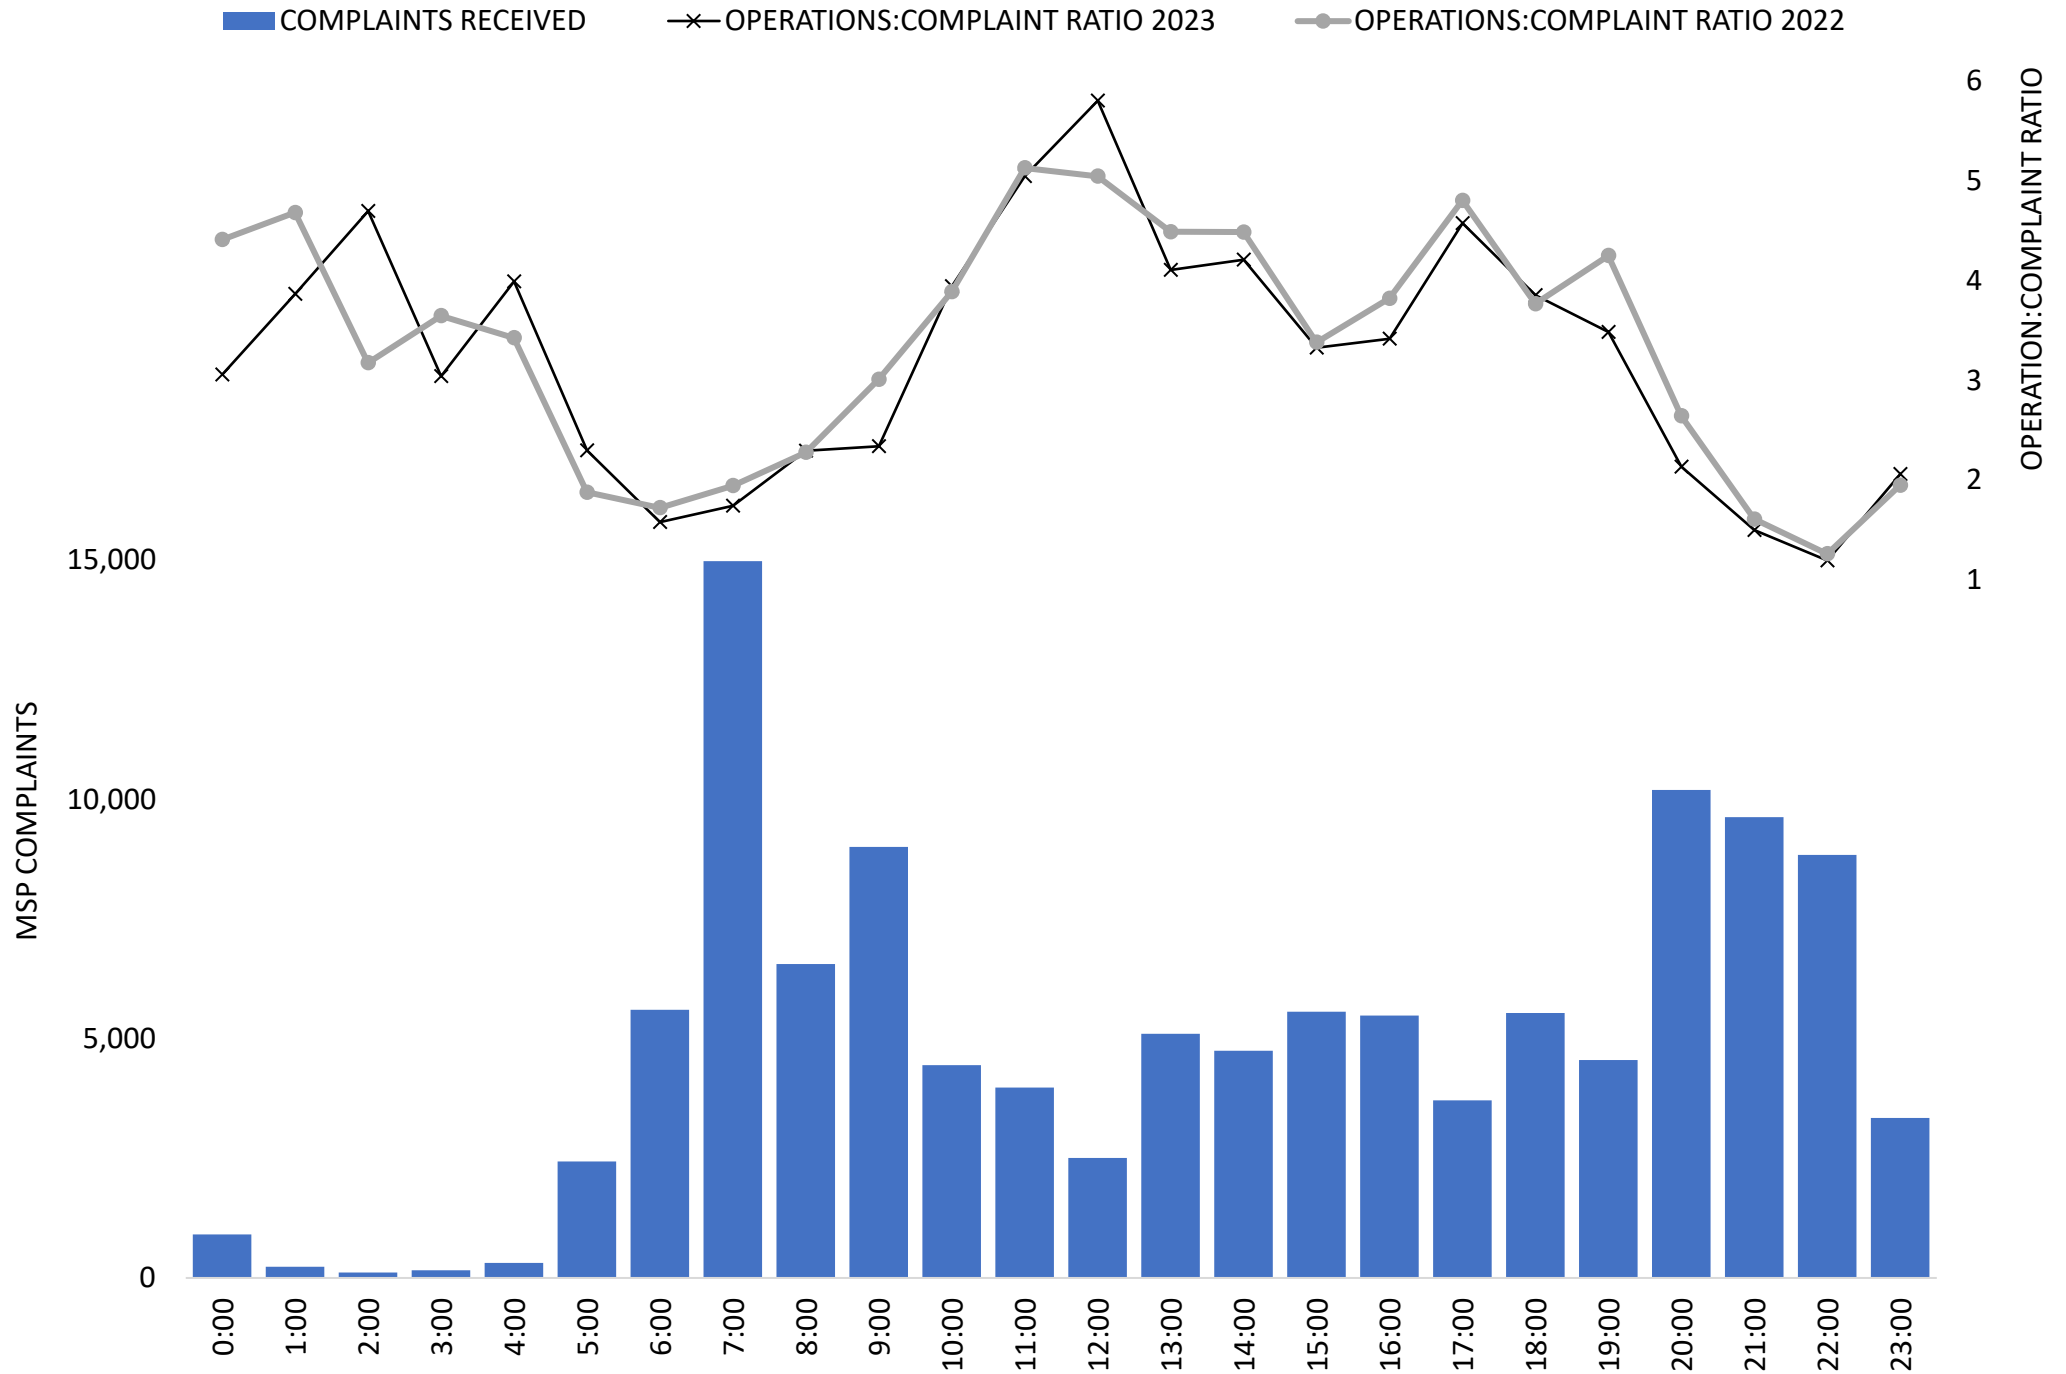

Change in Complaints By City

Change in Households By City

2022 & 2023 Complaints to Operations Ratio by Hour
